

the application to date one of Jackson's friends
(modified 9/12/2010)

Thanks for taking the time to fill out this application. I appreciate your interest in my friend.

Upon completion, this form will be analyzed. Your answers will be put to the test; run through a series of complex algorithms designed to determine whether or not you're "the one" for my friend. Applicants should receive a call within a week or so, notifying them of their acceptance or denial.

If I don't call you, it's probably safe to assume that you weren't accepted. I'd like to say that it's nothing personal, but that would be a lie. I take my friends' personal lives *very* seriously.

Applications will not be processed without the following enclosed:

#1) recent photo of the applicant

#2) \$45 non-refundable application fee

#3) Immunization records (up to date within the last six months)

#4) A lollipop always helps.
